**Processing Missed Apple Market Loss Assistance Program (AMLAP-II) Applications and
Payments Using Software in County Release No. 499**

Approved by: Deputy Administrator, Farm Programs

1 Overview

A

Background

The Agricultural, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act of 2002, Section 741 required payment for Agricultural Assistance to be issued by September 30, 2002. For that reason the automated price support system (APSS) option for entering AMLAP-II applications was inhibited as of that date.

Notice PS-442 provided APSS instructions for processing AMLAP-II batch payments.

County Release No. 499 provides updated APSS software for processing any AMLAP-II applications that were submitted timely, but **not** entered in APSS and therefore **not** paid.

B

Purpose

This notice provides:

- State and County Offices with authorization to record **missed** applications
- process payments in real time
- process other actions for AMLAP-II according to subparagraph 2 A.

C

Funds Control

Using Accounting Authorization software for Funds Control purposes, PSD will issue authorization numbers for “missed” AMLAP-II payments.

Disposal Date
